1.6. Upon qualification, as per Article 2, horse/rider combinations may also enter the Freestyle by level.

2. FREESTYLE QUALIFYING

Horse/rider combinations qualify for the freestyle competition at their level once they achieve a qualifying score of 58% or above in a qualifying show or on the day of the CEA Challenge.

3. GROUND JURY

3.1. One judge will judge the competition within the CEA and is appointed on an annual basis by the CEA Dressage Advisory Committee. The same judge will travel from country to country until the tour is completed and all competitions have taken place.

3.2. The judge must be placed on the short side of the arena at letter "C." A bell must be provided for the President of the Ground Jury.

3.3. If there is a need for a judge's fee, it must be agreed to by majority vote inside the CEA Dressage Advisory Committee. The fee will be negotiated across the CEA and will appear on the Memorandum of Understanding (MOU) to be agreed to and signed by the judge. The timetable agreed to with the judge must be agreed upon bearing in mind the possibility to share airline tickets as much as possible.

3.4. NFs shall have the option to bring in a second FEI judge, at their own expense, in order to use the CEA RDC as a CDN or qualifying event. However, the scores given by this second judge will not go towards the CEA RDC results. In such case, the NF should inform the CEA of their plans to host with an additional FEI judge.

3.5. After each competition, the President of the GJ is responsible for establishing and signing a running record of the results and placing of the individual competitors within the CEA as well as the starting lists and the exact order of go.

4. AGE OF COMPETITORS

This competition is open to competitors of all ages. Adult classes are open to all adult competitors aged 17 years and older. Childrens classes are open to those competitors aged 16 years and younger. Age is determined from the 1st of January of the year of the competition.

5. HORSES/PONIES

This competition is open to all horses and ponies of any origin. Any reference in the rules to horses shall also include ponies.

6. ELIGIBILITY OF HORSE/RIDER COMBINATIONS

6.1. A horse/rider combination may only compete in classes at a level above any level where that horse/rider combination has scored 57% or higher at a CEA RDC or FEI WDC. A horse/rider combination that has competed in a CEA RDC FEI class or FEI WDC Senior class cannot compete at a level below FEI or Third Level, respectively.

6.2. Notwithstanding Article 7.1, a rider that has competed at Prix St. George or above may only compete at or below Second Level on a green or medium level horse.

6.3. Should a horse/rider combination re-enter competition after more than one annual absence of the CEA RDC and FEI WDC, they will be permitted to participate at the level deemed suitable by their country NF and CEA Organizing Committee. Such combinations will not be eligible for the Team Competition until they have been reclassified via competition to assess their score versus the 57% benchmark.

6.4. It is the responsibility of the National Federation to select participants (horse/rider) for this competition. NFs are free to set qualification limits and may also hold selection trials consistent with the principles of the CEA rules in the case of too many riders.

7. ELIGIBILITY OF RIDERS

7.1. A rider is only eligible to compete in the CEA RDC or the CEA MDC. Riders may not cross-enter between the CEA Dressage Challenges in the same competition year. If a rider mistakenly enters and rides in both the CEA RDC and the CEA MDC, the score from the CEA RDC will go forward to CEA results.

7.2. A rider is allowed to start any number of times in the competition but cannot enter more than twice with any one horse or with more than two horses in the same class.

7.3. A rider can only contribute to any team score once. For the Adult Team and Childrens Team, if a rider goes more than once, the rider's first time in the ring will go towards team results. For the Open Freestyle Team, if a rider goes more than one, the rider's highest score will go forward towards the freestyle team results. A rider can contribute to the team for their age group and the Open Freestyle Team if they and their horse are eligible by all sections of Articles 6, 7, and 8.

7.4. The competition is open to competitors domiciled abroad. As per FEI GR Article 123.10, a competitor is considered to be living abroad if he or she spends more than six months of the year in a foreign country (outside the host country). These riders may be members of their country's team.

8. ELIGIBILITY OF HORSES

8.1. All entries are at the discretion of the NF and OC, who may consider the weather conditions of the competition day and the fitness level of each horse.

**TO BE HELD IN OWN COUNTRIES
2023 RULES, Page 4 of 8**

8.2. A horse or pony may go in up to two (2) USEF-level CEA RDC classes or one (1) FEI-level CEA RDC class in any one day of CEA competition. CEA MDC horses may compete in up to three (3) MDC classes in any one day of CEA competition. A horse competing in the CEA RDC may compete in one additional class of the CEA MDC per day. Test and freestyle classes count separately towards these limits (ie, First Level Test 3 and First Level Freestyle constitute two classes).

8.3. Horses are limited to no more than two (consecutive) classes with any given rider and no more than two rides in the same class with different riders.

8.4. Under penalty of elimination, no horse may take part in the competition which has been schooled by anyone other than the competitor(s), mounted in the saddle, in or outside the town where the competition is held, from 18.00 hours on the day preceding the competition until the competition is finished.

8.5. A horse can only contribute to any team score once. For the Adult Team and Childrens Team, if a horse goes more than once, the horse's best score (with a CEA-eligible rider) will go towards that team's results. A horse can contribute to each team in both the CEA RDC and CEA MDC if they and their rider are eligible by all sections of Articles 6, 7, and 8.

9. RING SIZE

20 m x 60 m for the CEA Regional Dressage Challenge

20 m x 40 m for the CEA Mini Dressage Challenge

10. HORSE INSPECTION

10.1. The horse inspection is compulsory for the CEA RDC and optional for the CEA MDC.

10.2. CEA Horse Inspection is recommended as follows in Article 10.3 to 10.10. The NF and OC can handle the logistics, in coordination with the President of the Ground Jury, as suits their membership and in the interest of horse welfare to ensure horses not fit to compete are not included in the CEA Challenge.

10.3. A steward will organize the horse inspection prior to the start of the event, with horses being inspected by themselves, the President of the Ground Jury, and a veterinarian. If a veterinarian is not available, they can be replaced on the panel by a member of the NF or CEA representative.

10.4. The panel of three, Steward, President of the Ground Jury, and vet or NF/CEA representative, has the final acceptance (or not) of a horse at Horse Inspection. There is no appeal.

10.5. A horse that is not fit to compete or has any blood or open wounds will be eliminated.

10.6. The format will follow FEI veterinarian regulations with the exception that the inspection can take place at multiple venues on the day prior to and/or the day of the event. The OC can schedule as many Horse Inspections as is necessary. It could be beneficial for an OC to run an inspection for the morning competition horses and then another inspection for the afternoon competition horses.

10.7. A second handler is allowed if necessary for an unruly horse. The rider should contact the Inspection Panel prior to the Horse Inspection to obtain permission and discuss the appropriate way to

**TO BE HELD IN OWN COUNTRIES
2023 RULES, Page 5 of 8**

present with two handlers (one on each side). If a rider is too young, and it is approved by the panel, the trainer can present the horse with the rider present.

10.8. A horse can only present at one Horse Inspection, no reinspection is allowed.

10.9. The Horse Inspection schedule must be published to the riders with a starting and ending time. The Order of Go should follow the Order of Go in the arena, especially if the Horse Inspection is held on the day of the competition. Times can be assigned for each horse to present.

10.10. The panel may eliminate a horse that is not ready to present at the scheduled time for Horse Inspection.

11. CLINIC

The clinic is not compulsory. Each NF is free to organize an educational event after the show schedule is complete to suit their country's needs within reason and provided the judge is willing to teach. The additional cost for the clinic will be paid by the host country. The CEA Dressage Advisory Committee must be kept informed to coordinate properly with the judge.

12. SHOW SCHEDULES

12.1. Each organizer will set the show schedule to best suit the riders and horses competing. The CEA Dressage Challenges must take precedence over any other competition organized alongside it. Horses entered in the CEA Challenges may take part in the national competition at the discretion of the NF and OC with the welfare of the horse being paramount in the design of the event. CEA Challenge classes should run before national classes.

12.2. The CEA RDC and/or CEA MDC must be completed in no more than two consecutive days. Judge travel, horse inspection, and clinics may take place before and after the two show days as the timetable for the event is flexible depending on the number of days planned in each country.

Day 1: Judge's arrival, horse inspection (can also be run on Day 2)

Day 2 & 3: CEA RDC and CEA MDC classes, followed by national classes if so scheduled

Day 4: Optional clinic to be arranged between each country and the judge

12.3. CEA RDC and CEA MDC classes may go in any order in the schedule. The competition and clinic may also be held on travel days or the same day if necessary but only in the above order: competition then clinic.

13. VENUE

13.1. It is expected that each country will hold their CEA Dressage Challenges at one (1) venue. The CEA Dressage Judge/President of the Ground Jury can allow an exception of up to two (2) venues if the resulting show schedule and travel between venues is reasonable. This must be discussed with the judge when booking dates to ensure no surprises on horse show weekend. The judge's decision is final.

13.2. In exceptional weather conditions and with the authority of the Ground Jury, the competition may be held indoors if the competition arena has the proper measurements. The decision to move indoors must

2023 RULES, Page 6 of 8**

be made at least 24 hours before the beginning of the competition to give the OC enough time to set the arena properly.

14. SCORING & RESULTS

14.1. Each Organizing Committee must submit their results, judge's cards, starting lists, and exact order of go within three (3) days of the competition to the CEA Secretary at theceasecretary@gmail.com. Results from all rides must be included to correctly tabulate the team scores. The CEA Secretary will confirm receipt and forward the results to the CEA Executive Board and CEA Dressage Advisory Committee. These details will not be released to the general membership but will be held by the appropriate CEA officials as a matter of transparency.

14.2. CEA standard score sheets will be provided, results will not be accepted in any other form. Standard USEF and FEI judge's cards will be used. The score sheets and judge's cards must be signed by the Ground Jury.

14.3. To break ties between countries, the score sheets must be complete including the tie break scores. In the case of a tie between countries, riders from countries providing the complete marks will pin higher than those from countries with incomplete score sheets. To avoid incomplete marks, a copy of each judge's card may be provided.

14.4. The CEA Secretary will tabulate the results and distribute individual and team placings to the Dressage Advisory Committee and Presidents and Secretaries of the member countries.

15. INDIVIDUAL PLACING

15.1. Will be based on individual rider results across the Caribbean for each class, Test and Freestyle, separately by Adult and Childrens. Individual placings are ranked by highest total points converted into percentage. Rankings will be published including all horse/rider combinations.

15.2. In the event of a tie for first, second, or third place, the tie will be decided by the following scores.

	First Tie Break	Second Tie Break
USEF Tests	Total Collective Marks including the coefficient	Rider's Position (and Seat)
USEF Freestyles	Final Artistic Impression including deductions	Harmony between Horse and Rider
FEI Tests	Collective Mark	(tie will stand)
FEI Freestyles	Points for Artistic Presentation	Harmony between Horse and Rider

16. TEAM PLACING

16.1. Will be based on team scores, which are calculated as total points converted into percentage plus the team bonus points by level for each team category. The three (3) best team scores (percentage plus team bonus points) from each country will add to determine the total team score.
